currency than a piece of cream aid paper. He its reception abroad, is but empty speech; of the reception abroad as an outliety does not exist. Home which is lying in the bank, or which the bank writers have before them excitable European

The list of Charges for lighting or remetal.

The list of Charges for lighting or remetal the first of motives, acceded to the proposition, glad to quiet for a white the proposition of the propositi

partion of that people have houses and lands in all parts of the city which have been learned by the sweat of the brow. No man can say anght against Irishmen, except of that class denominated politicians and they are not a whit worse nor better than politicians who were born worse nor better than politicians who were born against Irishmen. worse nor octier tonu pointenant was were point awollen, and with blood exuding from the mouth, and asked for two penny worth of white precipitation the United States. California required labor. We want men who will start manufactures, were found. These were brought to the surface, tate, which he immediately swallowed. He Thus we see how triffing an affair the mission say the Rickapoos when neither on land now accupy our houses, a population which will add a first party of the Chinese in the was nothing but trouble to be out of the Chinese in the was nothing but trouble and a first party of explorers descended the said that he was tired of this life, and wished to be out of the Chinese in the was nothing but trouble to occupy our houses, a population which will add a first party of explorers descended the said that he was tired of this life, and wished to be out of it. There was nothing but trouble to be out of it. There was nothing but trouble add a first party of explorers descended the said that he was tired of this life, and wished to be out of it. There was nothing but trouble to be out of it. There was nothing but trouble add a first party of explorers descended the said that he was tired of this life, and wished to be out of it. There was nothing but trouble to be out of it. There was nothing but trouble to be out of it. was there was the partier, which had to be out of it. There was nothing but trouble swing there were plenty—there was the jackdaw, the magpie and the rook; and gadabouts there were plenty—there was the same desire, but what would San there were plenty—there was the jackdaw, the magpie and the rook; and gadabouts there were plenty—there was the same desire, but what would San the magpie and the rook; and gadabouts there were plenty—there was the same desire, but what would San the magpie and the rook; and gadabouts there were plenty—there was the source of the poor wretches. Further the magpie and the rook; and gadabouts there were plenty—there was the source of the poor wretches. Further the magpie and the rook; and gadabouts there were plenty—there was the source of the source of the poor wretches. Further the magpie and the rook; and gadabouts there were plenty—there was the source of the source of the poor wretches. Further the magpie and the rook; and gadabouts there were plenty—there was the source of the source of the poor wretches. Further the magpie and the rook; and gadabouts there were plenty—there was the source of the poor wretches. Further the magpie and the rook; and gadabouts there were plenty—there was the source of the poor wretched by the miners in the source of shutting off the poisonous gases and to be out of it. There was nothing but trouble to be out of it. There was nothing but trouble to be out of it. There was nothing but trouble to be out of it. There was nothing but trouble to be out of it. There was nothing but trouble to be out of it. There was nothing but trouble to be out of it. There was nothing but trouble to be out of it. There was nothing but trouble to be out of it. There was nothing but trouble to be out of it. There was nothing but trouble to be out of it. There was nothing but trouble to be out of it. There was nothing but trouble to be out of it. There was nothing but trouble to be out of it. There was nothing to be out of it. There was nothing to be out of it. There was Chinese as some desire, but what would San on snother barrier was built by the miners, the ground that after a session which have streets similar to those now of one of them who had evidently been been ardious beyond my strength, I find my BEAK.

A correspondent of the Chicago Tribune chattering; gadabout women, there were none. Occupied by this people, but they would unquest on the outside of the obstruction. Set already engaged in the labour of preparation of the outside of the obstruction. The Criminal Sessions for the present month were adjourned yesteday morning until Monday at 10 page of the Angust 30th:

The Criminal Sessions for the present month were adjourned yesteday morning until Monday at 10 page of the indisposition of the indisposition of the indisposition of the Ading Chief Justice. There are but five cases on the Calendar, among which is the Holworthy murder case.

A correspondent of the Chicago Tribute chattering, gadabout women, there were none, occupied by this people, but they would angues of one of the outside of the obstruction, in one of the outside of the obstruction, in aperture large enough to permit a man aperture large enough to permit with medical advice in leading or to people within additionally be a scourge to us. This Chicago Tributes of the obstruction, in one of the outside of the obstruction, in one of the outside of the obstruction of the outside of the obstruction of the outside of the obstruction of the outside of the obstruction, in one of them, for any or the outside of the obstruction of the outside of the outside of the obstruction of the outside of the obstruction of the outside of the outside of the outside of the obstruction of the outside of grow in abundance about the camp. Mr. ate their deer's flesh with the Potlawatomies, is little or no danger form this source, at do rude sous of the struggle for life that melted the soul. Another with the Osages and the Oratcher, the guide, Major Gordon, Lieutenant bunted the otter with the Osages and the

with bands clasped laid themselves down to die; one was discovered calmly sitting by a prostrate companion, as though listening to his P.C. 379, with baving created a disturbance of one peculiar noise near min, no cause to nevolently in one anomics wigwams smoothed and sturbance was dring request. A father fell into his cternal between 5 and 6 p.m. on the 17th instant, in the Mr. Crutcher, and asked who the man or his the never laid uside calumet of peace.

Holly wood to d, and when taken in charge by right was. Crutcher gave one look, a shout of the men were not quite like the men were not quite expected, and the only wonder is that the sleep holding his son to his boson. Nothing the men were not quite like the men were not quite like the men were not quite expected. the assistance of a number of Chinese, who "Bear bear " and beat a hast which must inevitably be produced by the case is find feet and drawing the first limbs through his mouth with his paws, was a convenient were these appendages in a country be produced by the case was proved against the first limbs through his mouth with his paws, was a convenient were these appendages in a country bear. before the wind, like the sands of the desert. The question, what becomes of the old boots them, indeed, if we look about us, in use as Windlum Street. and even after that grievous hour, when they Pender's Hill. will hold together no longer, when patching ! and sewing and nailing are alike ineffective, we still see shreds and patches of them lying about on daughille and cinderheaps, decaying until they become at last unrecognizable, and are old boots and shoes no longer. What becomes of a great proportion of the produce with which nature supplies us so like. rally? What, to take an entirely maddening instance becomes of "cabbages? The number of cablages which the earth brings forth in comparison to the numbers of which man is alie to take cognisance in a cooked at state, is disproportionate in the extreme. Go where you will, except in the paved streets of our towns.) city. Apply to you find cabbages growing. In the country, in the suburbs, in the dingy back regions where the town melts into the suburbs, there are cubbages. The market gardens of every city and town seem to confuin nothing but cabbages. In amateur gardens, walled-in acres or half acres lying outside the pleasure garden. I observe the earth to be cabbages; the markets seem to be organized almost exclusively for the development of the cabbage trade. But what becomes of the cabbages? How ravely does one see a cabbage either on one's ARCHER & Co., situated at Spring Gardens, they will not be recognised. twice in the course of the spring, a cabbage ling House containing 22 Rooms, with out-may appear as an item in the bill of fare, but houses and Stables attached; two large dry and

kinds of neighborhoods, rich and poor, not only and a fine view of the harbor. to consume cabbages largely, but to live upon The houses have recently been painted and cabbages.... What a mass of matter must be furnished by the uncatable portions of the shell lish, which appear on our tables. What legions of oystershells must accumulate during the long period when there is an B in the month! Tho grottoes do not account for many; and, besides- [TIHAT commodious family residence in Bonwhat becomes of the grottoes? At all times of ham Hoad, known as "Persepolis," conthe year, both when there is an R in the month thining 12 Rooms, besides basement story, and when there is not, there is a stendy Bath rooms, Coach House and Stable, Gas and consumption of lobsters and crabs; yet the Water laid on. roads are not crimson with their unentable | Also, Croquet ground, Flower and Vegetable remains. They do not the "multitudinous" garden. Apply to fields "incarnadine, making the green one red." May I ask what becomes of the shells of the peas, of the egg-shells, of the potato parings, of the 1080. Hongkong, 4th June, 1869.

the asparagus of every hand of which so little is enten and so much is left? Seriously speaking, and all exaggeration apart, it seems as if the bulk of mutter which all this accumulation of objects suggests, must be something so enormous as sensibly to increase the mass of the earth. One would weekly, monthly, annually, perennially, proexpect to find great hillocks of all sorts of heterogeneously formed material obstructing our all the pictures which our painters paint, and roadways, rising up to the first floors of our exhibit, at the exhibitions, gensun after genson. year after year? Where are the representations move, obliging us to force our way through of "Dend Game," the "Italian Peasants," the with steam rains. Yet it is not so. I do not The books, again, what becomes of them? in the elevation of the soil, caused by this These come out in legions, senson after season, accumulation of things, even in the new thickly representing, in saldition to an enormous populated neighborhoods. Yet I would expect amount of labor of different kinds a consider to find, added on to the earth's crust, a new
